

Modules Included in the Foundational Skills Course

- **Foundational Modules plus**
- **Measures of Central Tendency**
- **Changeover Reduction**
- **Measures of Dispersion**
- **Control Charts**
- **Organizing / Presenting Data**
- **Controlling the Process**
- **Process Capability Assessments**
- **FMEA**
- **Process-Based Costs**
- **Introduction to DOE**
- **Scatter Diagrams**
- **Introduction to Hypothesis Testing**
- **Simple Linear Regression**
- **(optional for ASQ certification alignment)**
- **(optional for ASQ certification alignment)**
- **Introduction to Inferential Statistics**
- **Selecting the Solution**
- **(optional for ASQ certification alignment)**
- **Total Productive Maintenance**
- **Introduction to Process Capability**
- **Voice of the Customer**
- **Introduction to Theory of Constraints**
- **What is Statistics?**
- **Measurement System Analysis**
